The multimedia dance duo Hooliganship will present the freshest incarnation of "Cartune Xprez", an 80-minute program of short animated videos and performances that celebrates the wilderness of imagination through motion pictures. Featured artists include Bruce Bickford, Shana Moulton, Takeshi Murata, Paper Rad and more. Alongside this cartoon theater they will be performing their most recent piece entitled "Realer" in which audiences strap on a pair of 3D glasses to bear witness to a televised parade gone awry.

This is a one-night event that has been in the works for 2 years. It is very special program with a collective resume including collaborations with Frank Zappa and major exhibitions at the Whitney Biennial, the MOMA in New York, the Sundance Film Festival, and many other institutions throughout the world.
